1. The approval is valid for a period of two years from the date of issuance or the expiry of ASTM, EN, certifications (if applicable), whichever is earlier. The approval will automatically lapse at the end of this period. Performance of the product shall be watched during this period and approval can be withdrawn in case of poor performance/non revalidation of certificate/product license even before this period.

2. The approval does not absolve the Executive/Supervisory officers concerned of their responsibility of exercising necessary checks like quality, rates, performance of the product while processing/using the same. Any shortcomings/deficiencies of serious nature observed at site may be brought to the notice of this office.

3. The approval does not make the firm eligible for claiming the right to get work done or items procured through them only. Work / procurement shall be subject to firm's competitive offers against other competing manufacturers/brands/suppliers as mentioned in the NIT.

4. The performance of the firms shall be watched by field unit and report submitted to the approving authority for periodical review.
