CEILCLAD

Soffit Panels

Ceilings | Walls | Ceilings and Walls

Discover CeilClad, Tranquil's advanced ceiling system that redefines interiors and exteriors with the perfect blend of functionality and elegance. Engineered for effortless installation, CeilClad features a smart click-lock system and reinforced panels, ensuring fast, secure fitting with minimal effort. Lightweight, durable, and maintenance-free, it offers long-term reliability for both residential and commercial spaces.

Choose from two stunning collections:

Neutral: Sleek, contemporary shades for a modern look.

Natural: Rich, wood-like finishes that authentically replicate natural grain and texture, offering the warmth of timber without the upkeep.

Designed with precision, CeilClad includes surface protection—ideal for creating healthy, long-lasting environments.

Whether you're aiming for minimal sophistication or natural charm, CeilClad is a smart, cost-effective alternative to traditional wooden ceilings.

CEILCLAD Soffit Panels

Versatile Ceiling Solutions for Indoors & Outdoors

CeilClad is more than just a ceiling system—it's a versatile design solution for both exterior and interior spaces. Whether you're finishing a roof overhang, balcony, terrace, or an indoor ceiling, CeilClad offers a seamless, stylish finish that's easy to install and maintain.

Design Your Way

- Install horizontally, vertically, or diagonally on the ceilings and interior walls
- Mix colors and finishes for unique combinations
- Use for large surfaces or detailed feature areas

Seamless Transition from Indoors to Outdoors

Use the same CeilClad panels inside the home and on adjacent exterior ceiling areas to create a consistent, unified look—perfect for modern architecture and open-plan living.

Perfect for Curved Surfaces

CeilClad panels are flexible and adaptable, making them ideal for arches, curves, or irregular structures.

CEILCLAD Soffit Panels

Technical Specification

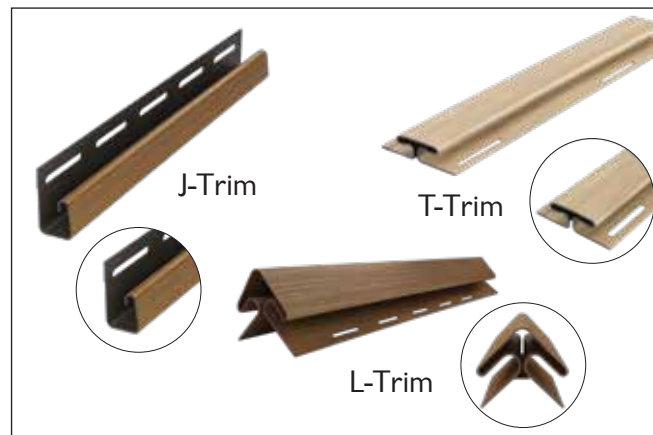

Category	Details
Material	Specially formulated polymers
Texture Options	Smooth & Brushed Glossy & Matte
Panel Dimensions	Width: 340 mm, Length: 3050 mm Thickness: 1.15mm, & Tolerance: ± 0.2 mm
Installation System	Click-lock with hurricane lock system
Trims	J-Trim, T-Trim, and L-Trim
Color Options	Neutral and Natural

CEILCLAD Soffit Panels

Benefits

Durable for Long-Term Use

- High strength panels that resist wear, warping, and weather damage
- Long-lasting performance reduces the need for frequent replacements, lowering environmental impact

Low Maintenance

- No painting, polishing, or special cleaning required
- Less resource consumption over the product's life cycle

Safe & Secure

- CeilClad is designed for safe installation and use, with materials that resist cracking, splintering, or decay
- Suitable for both interiors and exteriors, maintaining integrity in all conditions

Health-Conscious & Non-Toxic

- Manufactured with low VOC (Volatile Organic Compound) emissions, ensuring better indoor air quality
- Promotes healthier living and working environments by reducing harmful chemical release

Eco-Friendly Alternative to Wood

- Mimics natural wood textures without contributing to deforestation
- Thermo-transfer printing process uses fewer resources compared to conventional wood finishing methods

CEILCLAD Soffit Panels

WHY CHOOSE CEILCLAD?

Vast Collection

Tranquil CeilClad offers a broad and versatile range of soffit panel designs, colors, and textures—ideal for any architectural style. Whether you're aiming for a clean modern look or a warm, natural feel, our extensive collection ensures the perfect match for your aesthetic.

12-Year Warranty

We stand behind our quality. Tranquil offers a 12-year warranty on CeilClad soffit panels, assuring long-term peace of mind.

This warranty applies to you, the owner of a permanent installation of Tranquil CeilClad panels. Tranquil warrants the product to be free of manufacturing defects for a period of 12 years from the original date of purchase.

If the product fails due to a warranty-covered manufacturing defect under normal use, Tranquil will, at its discretion, repair or replace the product based on a quality evaluation conducted by a Tranquil representative.

Stylish Designs

Our panels are crafted not just for durability but also for visual appeal. With finishes that echo smooth, brushed, glossy & matte wooden textures, Tranquil CeilClad brings both form and function to ceilings and soffits.

Custom Options Available

Need something unique? We offer customization options to meet specific project requirements. Whether it's a tailored size, finish, or color, Tranquil helps you bring your design vision to life with ease.

CEILCLAD Soffit Panels

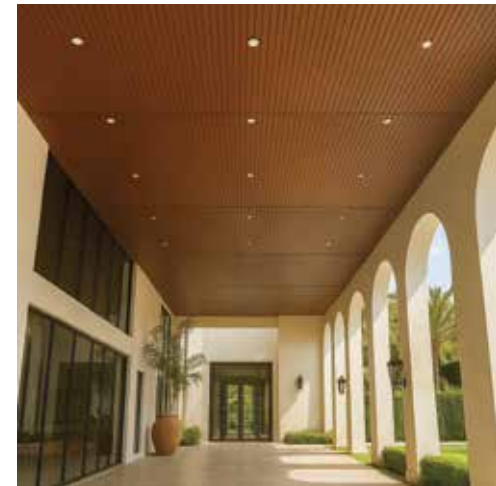

Ceiling Material Comparison

Parameter	CeilClad Soffit Panels	Wooden Ceiling	POP/Gypsum Board
Material	Specially formulated polymers	Natural or Engineered Wood	Plaster of Paris / Gypsum Sheets
Aesthetics	Warm, clean, premium, modern, available in elegant wood finishes	Warm, premium, natural texture	Smooth, paintable finish
Moisture Resistance	✓ Excellent – waterproof	✗ Low – susceptible to swelling/warping	⚠ Moderate – gypsum boards can sag over time
Durability	✓ Long-lasting, resistant to rot & termites	⚠ Needs regular care (polish, treatment)	⚠ Cracks over time if not installed well
Maintenance	✓ Low – easy to wipe and clean	✗ High – requires polishing and upkeep	⚠ Needs regular repainting
Fire Retardant	✓ Fire-rated	✗ Low unless treated	✓ Good – naturally fire retardant
Installation Time	✓ Quick, dry installation	⚠ Moderate – needs skilled carpenters	⚠ Slow – wet process (POP), moderate for gypsum
Cost	💰 Budget-friendly	💰 Expensive	💰 Moderate
Design Flexibility	✓ Ready-to-use panels with versatile design possibilities	✓ Can be carved or molded	✓ Easily shaped for curves/coves (POP)
